

INTRODUCING

RAZ AP/SP600 BARIATRIC SHOWER COMMUNE CHAIRS

RAZ Rehab Shower Commode Chairs — Designed and manufactured to the highest standards of the discerning healthcare professional.

The **RAZ-AP600** and **RAZ-SP600** Models feature the Multi-Position Back (for center of gravity adjustment) and standard with 3¾" of height adjustment, an adjustable-tension fabric backrest, 5" dual-locking casters, flip-up padded armrests, an elongated commode pan, and a large molded soft foam seat. The electro-polished stainless steel frame is engineered for heavy-duty use and easy access for the user or attendant.

Only **RAZ** offers the Ischial & Pelvic Alignment Seat (IPAS), which provides 2" of seat depth adjustment to accommodate a variety of body sizes and shapes. With a 600 lb. weight capacity and the many adjustments and options available, the **RAZ-AP600** and **RAZ-SP600** will provide maximum comfort and maneuverability for users who require a heavy duty Shower Commode Chair.

Pressure Reduction Seat (PRx)

For user with more complex seating requirements the **PRx seat** is a new addition to the seating line up replacing the Visco elastic interface seat. The **PRx** is made with a high density foam base foundation, designed to provide superior stability and contours, while the surface layer of self-skinning gel foam provides a soft interface against the body. The **PRx seat** is available in ten configurations including left, right and rear cut out for improved access or full seat models for comfort and pressure reduction, all in 16" or 19" depths.

Leg Adductor Kit

The **leg adductor kits** are available for all models and can be purchased individually as required. They are easily adjusted and removed.

Heel loops

Heel loops are available for all models and are easily installed by drilling a hole in the foot plate.
