### 4. Fixed Back Frames (18"W only)

This is called a "Fixed" Back because the arm supports are not adjustable in height. Includes molded, vinyl back support, fixed-height flip-up padded arm supports, back angle adjustment (85°/90°/95°) with cane-style posts. Back height is measured from top of molded seat to top of back upholstery. Hip Adductors [ZHP1/2] are not compatible with Fixed Back.
